Dear Edward W. ~~Colpy~~, Jr.:

The Charitable Solicitation Licensing Division has received and reviewed your license application for licensure as a charitable organization or sponsor. For the reason(s) listed below, you are denied a license until you are in compliance with the Charitable Solicitation Act and the Rules.

Failure to comply with 131F-6(a) as follow(s):

- Failure to have the form signed by either the treasurer or chief fiscal officer of the charitable organization or sponsor.

Chapter 11 of Title 18 of the North Carolina Administrative Code, specifically 18 NCAC 11.0306 addresses "Incomplete Application" as follows: "An applicant who fails to respond to any question, to provide any required information, or to submit the proper fee shall not be licensed." You have two options: (1) you may file amending documents that correct the items that are listed in this letter, but you must file the documents on or before June 17, 2011. Failure to file by this deadline means that you must start the application process again and must pay all fees again when you reapply (2) you may appeal to the Office of Administrative Hearings as outlined in the separate Notice of Appeal Rights that is enclosed with this letter.

The Department appreciates your efforts to comply with North Carolina's licensing requirements. Please feel free to contact me should you have any questions regarding this letter.

Sincerely,

Donna Payne
